Student Feedback Analysis Report (2021-22)

All students were surveyed, and the results showed that 70% of them were content with the curriculum offered, while all students agreed that more than 70% of the syllabus was covered in class. Despite this, some students had concerns about the course's level of difficulty and the efficiency of ICT-assisted teaching techniques. The majority of students were content with the general cleanliness and maintenance of the college premises. Most of the students conveyed that the teachers were amicable and easy to approach. A significant number of students expressed their belief that student-centric techniques, such as experiential and participatory learning, were utilized to a large extent to improve the overall learning experience.
